- Minimum Order Quantity: 100Grams
- Price: USD
- Packaging Details: 1kg/Foil Bag
- Delivery Time: 3-7days after received payment
- Payment Terms: T/T, Western Union,PayPal
- Supply Ability: 5000KG Per Year

Product Specification

- Product Name: Epimedium
- Cas: 489-32-7
- Appearance: White Powder
- Purity: 98%
- Usage: Bodybuilding Supplement
- Highlight: **Raw Epimedium Extract Powder, Epimedium Extract Powder Icariin**

Product Description

Epimedium Extract Raw Powder CAS 489-32-7 Icaritin For Bodybuilding Supplement

Product Details

Epimedium contains icaritin, icaritin causes more blood to flow to the and could theoretically work better and cause fewer side effects than current drugs . Animal, human, and in vitro studies indicate that icaritin also stimulates osteoblast activity in bone tissue, and therefore can treat osteoporosis. It can help increase blood flow . It also contains, chemicals that act somewhat like the female hormone, that might reduce bone loss in postmenopausal women.

FUNCTION

1. Icaritin can stimulate osteoblast activity in bone tissue which has been linked to a possible therapeutic role in the treatment of osteoporosis. 2. Icaritin can affect different aspects of aging mechanisms. Such as the impact of cell passage, extending the growth period, regulating of the immune and endocrine system, improving metabolism and organ function. 3. It is thought that icaritin is likely to be the primary active component of Epimedium extracts, as it has been shown to share several mechanisms of action with compounds used in Western medicine to treat impotence . 4. Icaritin can also increase the number of kidney patients in T cells, lymphocyte transformation rate, antibody, antigen, and reticuloendothelial system phagocytic function of low, but drug treatment after kidney Epimedium, etc. 5. It has a protective effect on vasopressin induced myocardial ischemia, with significant blood pressure.
